

CREATING A SUSTAINABLE FUTURE - FOR ALL

We envision a world where EVERYONE can participate in the clean energy movement.

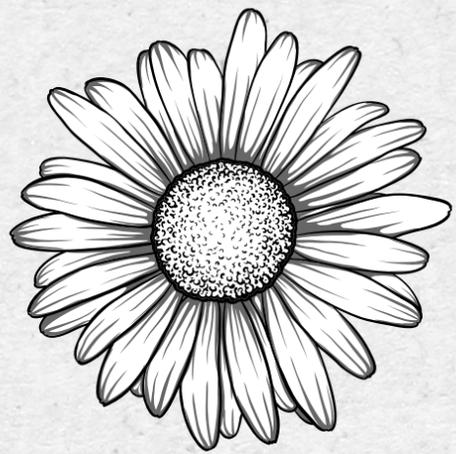

HISTORICALLY,

there has been a racial inequity in clean energy access. Underserved communities often lack the financial resources to afford the upfront costs of clean energy technologies, creating a barrier to accessibility.

CLEAN ENERGY

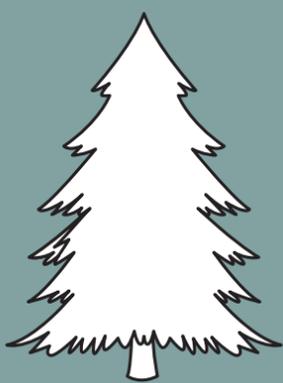

infrastructure is often concentrated in areas with higher socioeconomic status, leaving low income areas without the necessary resources and infrastructure to access and benefit from clean energy.

IT'S TIME

for financial institutions to align their policies and funding initiatives to support low-income and underserved communities.

CLEAN ENERGY CREDIT UNION HAS DEVELOPED THE CLEAN ENERGY FOR ALL LOAN PROGRAM WHICH IS FOCUSED ON HELPING UNDERSERVED POPULATIONS AFFORD CLEAN ENERGY BY OFFERING A 0.50%+ RATE DISCOUNT ON ALL OF OUR LOAN TYPES.

THIS INITIATIVE IS COMPRISED OF TWO PROGRAMS DESIGNED TO INCREASE ACCESS TO AFFORDABLE CREDIT FOR MINORITY BORROWERS AND LOW-INCOME BORROWERS AND CREATE A MORE EVEN PLAYING FIELD FOR THOSE WHO HAVE FACED CREDIT CHALLENGES, SYSTEMIC RACISM, ECONOMIC INJUSTICE AND/OR OTHER FORMS OF INJUSTICE.
